

This Week

The median list price in BREA, CA 92821 this week is \$449,950.

Inventory has been lightening lately and the Market Action Index has been trending up. Though days-on-market is increasing, these are mildly positive indications for the market.

Supply and Demand

- The market shows signs of warming up, with sales demand recently increasing faster than inventory. Prices have not yet responded as the market is still working through excess inventory. It's unlikely that we'll see prices level off or move higher until the MAI sustains its upward trend and maybe not until the inventory is depleted enough to create a Seller's market.

Market Action Index

The Market Action Index answers the question "How's the Market?" by measuring the current rate of sale versus the amount of the inventory. Index above 30 implies Seller's Market conditions. Below 30, conditions favor the buyer.
